## COMMISSION SEEKS COMMENT ON JOINT APPLICATION FOR CONSENT TO TRANSFER CONTROL FILED BY ONEPOINT COMMUNICATIONS CORP. AND VERIZON COMMUNICATIONS

CC Docket No. 00-170

**Comments/Petitions due: October 23, 2000**

**Responses/Oppositions to Petitions due: October 31, 2000**

On September 5, 2000, OnePoint Communications Corp. (OnePoint), and Verizon Communications (Verizon) filed applications pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, requesting Commission approval of the transfer of control to Verizon of domestic and international authorizations held by OnePoint and its subsidiaries to provide domestic interstate and international telecommunications services as a nondominant carrier. Under the terms of the proposed transaction, Verizon will acquire a controlling interest in OnePoint and its subsidiaries.

OnePoint and Verizon state that the proposed transfer will serve the public interest, convenience, and necessity, by generating substantial benefits for residential consumers who live in apartment buildings. Specifically, OnePoint and Verizon state that the transaction provides funding essential to the preservation and expansion of OnePoint's core business: providing bundled telecommunications, video, and broadband Internet access to residential customers in multiple dwelling units (MDUs). OnePoint and Verizon also contend that their combination will expedite the deployment of advanced services and applications to residents living in MDUs by enabling them to compete with broadband cable providers. Finally, OnePoint and Verizon state that OnePoint's operations will comply with Section 271 of the Communications Act upon consummation of the transaction.

Interested parties may file comments regarding or petitions to deny the application no later than October 23, 2000. Oppositions or responses to these comments and petitions may be filed no later than October 31, 2000. **All filings regarding any aspect of the proposed transfer of control should reference the Common Carrier Bureau docket assigned to this proceeding, CC Docket No. 00-170.**

## **EX PARTE STATUS OF THIS PROCEEDING**

Pursuant to 47 C.F.R. § 1.200(a), which permits the Commission to adopt modified or more stringent *ex parte* procedures in particular proceedings if the public interest so requires, we announce that this proceeding will be governed by “permit-but-disclose” *ex parte* procedures that are applicable to non-restricted proceedings under 47 C.F.R. § 1.1206.

Parties making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must contain a summary of the substance of the presentation and not merely a listing of the subjects discussed. More than a one or two sentence description of the views and arguments presented is generally required. See 47 C.F.R. § 1.206(b)(2), as revised. Other rules pertaining to oral and written presentations are set forth in Section 1.206(b) as well. Interested parties are to file with the Commission Secretary, Magalie Roman Salas, 445 12<sup>th</sup> Street, S.W., TW-B204, Washington, D.C. 20554, and serve Janice Myles, Common Carrier Bureau, 445 12<sup>th</sup> Street, S.W., 5-C327, Washington, D.C. 20554; James Bird, Office of General Counsel, 445 12<sup>th</sup> Street, S.W., 8-C818, Washington, D.C. 20554; and International Transcription Service (ITS), 445 12<sup>th</sup> Street, S.W., CY-B402, Washington, D.C. 20554, (202) 857-3800, with copies of any written *ex parte* presentations in this proceeding in the manner specified above. We also require all written *ex parte* presentations or summaries of oral *ex parte* presentations in this proceeding to be served on all parties to the proceeding.

## **TRANSFER OF CONTROL APPLICATIONS**

The applications for transfer of control listed below include domestic and international authorizations. In addition, OnePoint and Verizon have acknowledged that OnePoint has an interest in several pending license applications. Below is a non-exhaustive list of the authorizations and license applications involved in this transaction. Interested parties should refer to the transfer of control applications and the September 21, 2000 letter from Richard P. Kolb, OnePoint, to Magalie Roman Salas, Secretary, Federal Communications Commission, filed in CC Docket No. 00-170, for a complete listing of the authorizations and a description of OnePoint’s pending license applications.

## **STREAMLINED INTERNATIONAL SECTION 214 APPLICATION**

### **Part 63—International Service (47 C.F.R. § 63.18)**

The international application listed below for consent to transfer control to Verizon international Section 214 authority held by subsidiaries of OnePoint, has been found, upon initial review, to be acceptable for filing and subject to the streamlined processing procedures set forth in Section 63.12 of the Commission’s rules, 47 C.F.R. § 63.12. This application is for authority under Section 214 of the Communications Act, 47 U.S.C. § 214, to transfer control of international Section 214 authority, to the extent specified below. This application can be removed from streamlined processing only at the discretion of Commission staff. The filing of comments or of petitions to deny will not necessarily result in the application being deemed ineligible for streamlined processing.

Streamlined grant of this application is conditioned upon OnePoint and Verizon’s agreement not to close the proposed transfer of control unless and until the Commission grants

transfer of the associated domestic Section 214 blanket authorization. Streamlined grant would in no way prejudice the outcome of the pending application for transfer of control of domestic Section 214 authorization in CC Docket No. 00-170.
